Approved Merchandise and Apparel

(Ver19 – as of 01 Nov 2026)

Merchandise & Apparel Guidelines

1. Approval Requirement

- Per SOP 3, paragraph 30, merchandise and apparel for official Club events, Club runs, and supporting activities must receive written NEC approval before manufacturing or distribution.
- Tasmanian versions are approved to use khaki-coloured font.

2. Web Page Upload Process

- Sub-Branches seeking to upload approved merchandise/apparel to the website must first verify that a similar item is not already listed.
- If the item is new, Sub-Branches should contact the **National Treasurer** at **TREASURER.TASNORTH@YAHOO.COM**, providing:
  - A supporting email request
  - A description, including cost and Sub Branch information
  - A photo of the item

3. Updates & Amendments

- Any amendments or updates to the existing merchandise/apparel list should be sent to the **National Treasurer** at **TREASURER.TASNORTH@YAHOO.COM**.

4. Sub-Branch Merchandise and Fast-Track Approval

- Sub-Branches may produce items that reflect local identity and member pride, provided such items do not conflict with the Club's branding standards or governance protocols.
- Where a Sub-Branch proposes an item that is substantially similar to those shown on the following pages—such as patches, apparel, signage, or memorabilia—and the design adheres to approved fonts, styles, and brand integrity, a fast-track approval process may be initiated.
- To request approval, the Sub-Branch must submit the proposed item design to the National Treasurer via their State President. The design must clearly demonstrate compliance with Club standards, including use of authorised fonts, logo formats, and colour specifications.
- Provided no substantive deviations are identified, approval may be granted promptly without requiring full committee review.
- This process is intended to support Sub-Branch initiative while safeguarding the Club's visual identity and reputation. Any item that diverges from approved standards must follow the full approval pathway outlined in SOP 3 CSOD Proposals and Variations.

Club Official Regalia & Patches

1. Approved Measurements and Colours

All official regalia and patches must conform to the Club's approved specifications for size and colour. These specifications are available upon request from the National Secretary or National Treasurer. Unauthorized alterations may result in non-recognition of the item as official Club regalia and requests to cease displaying such items.

2. Club Logo Usage and Font Standards

Items bearing the Club logo may feature either the outlined or full-colour version, provided the official colours and typefaces are strictly maintained. Where a single-colour print is used (e.g. for text or a one-colour logo outline), the print colour must match the approved colour for the relevant Sub-Branch.

Any deviation from the approved logo formats must receive prior written approval from the National Executive. The following typefaces are authorised for use, subject to item type and supplier capabilities:

- **ITC Tiffany** – Reserved for limited applications such as vest Number Plates, official signage, and select ceremonial items.
- **Bell MT -** The vertical "MMC" lettering used on the official Club Numberplate (or the closest embroidery-safe equivalent). This font is authorised exclusively for the Numberplate and associated merchandise where the Numberplate artwork is reproduced.
- **Times New Roman** – Used for most garments and Breast Patches where ITC Tiffany cannot be reliably reproduced. Certain screen-printing techniques may cause unwanted "bleeding" on the intricate letterforms of ITC Tiffany. Times New Roman is therefore the default font for most items.
- **Arial Rounded** – used for small-embroidered patches, including but not limited to AKA, "Task is Ours", and location identifiers.

Sub-Branches are responsible for ensuring that suppliers reproduce logos and fonts in accordance with Club standards, without compromising legibility or brand integrity.

3. Pricing and Supply Conditions

All listed prices are subject to change based on supplier costs, manufacturing techniques, and material availability. Members and Sub Branch suppliers are advised to confirm current pricing prior to placing/accepting orders.

4. Restricted Terminology and Supporter Merchandise

The use of the terms **MILITARY MOTORCYCLE CLUB, MMC, or MBMMC** is strictly reserved for Club members and may not be reproduced on items intended for supporters, fundraising, or general sale.

Supporter merchandise may incorporate the Club logo (either outlined or full-colour) and the words **MILITARY BROTHERHOOD**, provided the design does not imply membership status or misuse restricted identifiers.

Note: All merchandise must be reviewed for compliance prior to initial production.

Regalia and Patches suppliers

New South Wales

1. The Uniform Place – 31 Beresford Street, Newcastle West NSW 2302 – POC Ingrid sales@theuniformplace.com.au - 02 49691506.

2. Mid Coast Uniform Solutions - 2/15 High St, Wauchope, NSW 2446 – sales@midcoastuniforms.com.au - (02) 6585 3124

Queensland

Examples of Approved Vest Patches

Patch sizes (mm)

SINGLE LINE	90x22
DUAL LINE	90x25
3 or more lines	90x30 (or greater)

Sizes could vary slightly depending on suppliers stock

Text will usually be Capitalised

Colours, on black background

Main Land RED - King Star KS-070

Tasmania KHAKI - King Star KS-656

Year Star Award

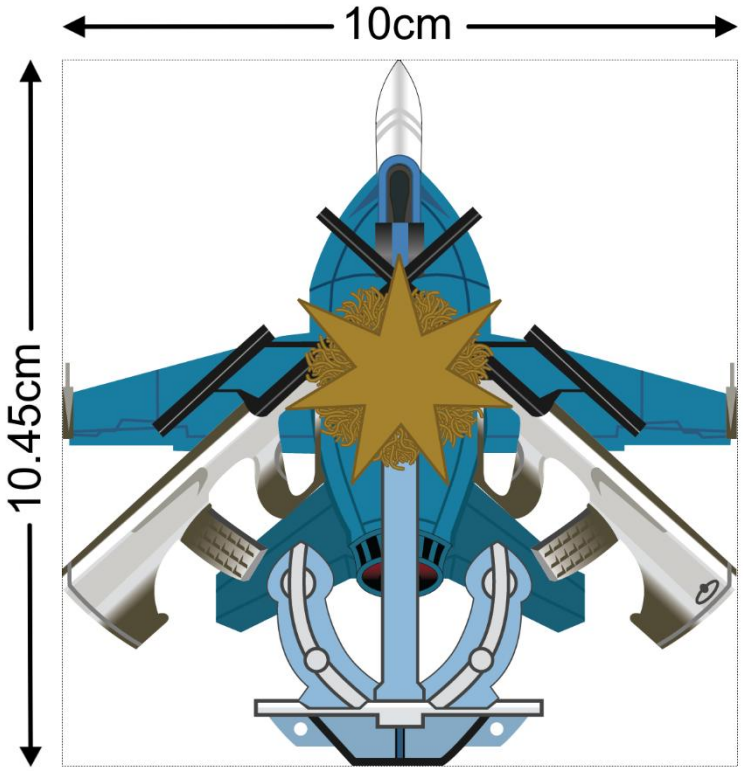

Examples of Yearly Star Patches 1 –30

Note:

- **All Star patches are the same width as the "Task is Ours", i.e 92mm.**
- **The height of Stars 1 to 4 is 25mm, whilst all the others are 35mm.**
- **Sizes are approximate due to supplier embroidery manufacturing techniques but patches should remain close to the sizes mentioned.**

ASPECT RATIO

To ensure national consistency and prevent visual distortion ("squashing"), all reproductions of the Club logo are to adhere as close as possible to the **official aspect ratio (width to height) of 0.957:1**

The Club logo has an aspect ratio (width to height) of 0.957:1
For example if the artwork is 10.00 cm wide it is to be 10.45 cm tall.
For small reproductions (less than 10.00cm wide), a 1:1 ratio is acceptable.

LOCATION PATCHES

SOP3 - para 57b i, ii, iii

Circular Patch

Rectangular Patch

Circular Patch

These patches can be replacements for a text location patch.
They are placed below or in place of Country of Origin patch.
Text location patches are prohibited if an image patch is worn.

Text Patch

Dimensions:

Circular patches are 60mm diameter
Rectangular patches are 75mm long x 50mm high
Text patches are 90mm long x 25mm high
(higher if more than one line of text)

Sizes could vary slightly depending on suppliers stock

Text Location Patch | Rectangular Image Patch | Circular Image Patch

Ensure the top of your AKA patch is in line with the top of your Club patch

Controlled Patches

The patches shown below are **Controlled Items,** this includes the mainland/Tasmanian equivalents and all the NE/NEC versions. They may only be issued by the National Treasurer or an authorised representative of the National Executive Committee.

Controlled patches will ordinarily be presented to the member at an official ceremony, marking the significance of the award or position. This presentation reinforces the symbolic importance of the patch and ensures proper recognition of the member's service.

Suppliers have been formally instructed that no controlled patch may be released without direct authorisation from the National Treasurer. If any member attempts to order such patches independently, the member must provide the supplier with written confirmation (email or other formal contact) from the National Treasurer before the request can be processed.

Initial issues of controlled patches will normally be paid through the National Account. Should a recipient require a replacement or an additional patch, they must submit a written request to the National Treasurer via email, outlining the reasons for the request. If approved, the National Treasurer will instruct the supplier to release the patch directly to the member. In such cases, the cost of the replacement or additional patch shall be borne by the requesting member.

To maintain integrity and accountability, all authorisations, presentations, and reissues of controlled patches must be recorded in the member's official administrative record. All controlled patches, together with other MBMMC regalia as detailed in the SOPs, are to be returned to the Branch SSM when a member leaves the Club. No patch or regalia item is to be destroyed, discarded, or carelessly damaged during this process.

In exceptional circumstances, the National Executive Committee may approve a request for a member, or their family, to retain patches. Such approval may be granted, for example, where the items are to be incorporated into a commemorative display — such as a wall-mounted plaque or framed presentation of a deceased member's vest — in order to respectfully honour their service and preserve the legacy of their contribution to the Club.

Includes all other NE position patches

Includes all other State President patches

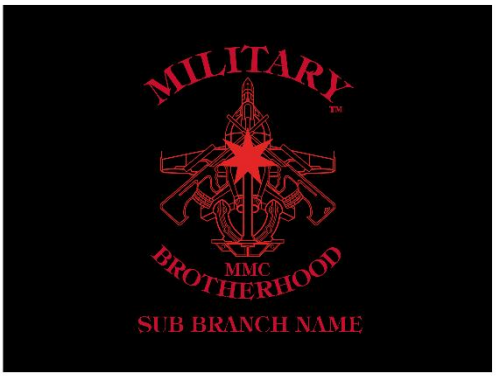

MBMMC Official Colour Specification Sheet

Example of Bike Flag - 300mm x 225mm

Example of Bike Flag - 300mm x 225mm

The following defines the authoritative colour standards for all Military Brotherhood MMC branding, including flags, signage, apparel, embroidery, digital media, and printed materials. It covers both the Mainland (Red) and Tasmanian (Khaki) variants and specifies the exact Pantone, HEX, RGB, and CMYK values, along with the design elements each colour applies to.

🟥 **1. Mainland Red Version (Red Text)-** The Mainland version uses PMS 186 C as its primary text colour.

🟥 **PMS 186 C — Mainland Red**

- HEX: #C00000
- RGB: 192, 0, 0
- CMYK: 0, 100, 100, 25
- Used on:
  - “MILITARY” text
  - “BROTHERHOOD” text
  - “MMC” text
  - Sub-branch name (Mainland)
  - Red tones within jet exhaust gradient

🟡 **PMS 1235 C — Gold**

- HEX: #F2C300
- RGB: 242, 195, 0

- CMYK: 0, 19, 100, 5
- Used on:
  - Starburst behind jet
  - Gold text (if gold variant used)
  - Jet exhaust gradient (forms part of the blend)

🔵 **PMS 293 C — Blue**
- HEX: #0057A8
- RGB: 0, 87, 168
- CMYK: 100, 48, 0, 34
- Used on:
  - Jet body and wings
  - Jet fuselage lines (base colour)
  - Upper anchor section

⚪ **Cool Gray 5 C — Light Grey**
- HEX: #B7B7B7
- RGB: 183, 183, 183
- CMYK: 0, 0, 0, 28
- Used on:
  - Anchor body
  - Pistols
  - Metallic highlights
  - Jet panel lines (base grey)

⚫ **Black C — Black**
- Used on:

  Entire flag background (fully printed)
  Outlines of jet, pistols, anchor
  Shadowing and contrast areas

⚪ **White (Unprinted Fabric)**
- Used on:
  - Jet nose cone
  - Anchor highlights
  - Pistol highlights
  - Starburst centre
  - Panel lines and reflections

Note: White is not printed; it is the natural fabric showing through.

🟢 **2. Tasmanian Version (Khaki Text)-** The Tasmanian version replaces red text with PMS 392 C.

🟢 **PMS 392 C — Tasmanian Khaki**
- HEX: #7A6A00 (approx.)
- RGB: 122, 106, 0
- CMYK: 0, 13, 100, 52
- Used on:

- “MILITARY” text
- “BROTHERHOOD” text
- “MMC” text
- Sub-branch name (Tasmania)

🟡 **PMS 1235 C — Gold**
Same usage as Mainland version.

🔵 **PMS 293 C — Blue**
Same usage as Mainland version.

⚪ **Cool Gray 5 C — Light Grey**
Same usage as Mainland version.

⚫ **Black C — Black**
Same usage as Mainland version.

⚪ **White (Unprinted Fabric)**
Same usage as Mainland version.

3. **Notes for Printers and Manufacturers**
All flags are printed on white base fabric.
Black backgrounds are fully printed to ensure uniformity.
White areas are unprinted fabric, not ink.
Gradients (e.g., jet exhaust) are CMYK blends, not Pantone colours.
Only the Pantone colours listed above are to be used for flat fills.
No substitutions or approximations are permitted without approval of NEC.

4. **Approved Colour Summary Table**

Colour	Pantone	HEX	RGB	CMYK	Mainland Use	Tasmania Use
Mainland Red	PMS 186 C	#C00000	192,0,0	0,100,100,25	Text	—
Tasmanian Khaki	PMS 392 C	#7A6A00	122,106,0	0,13,100,52	—	Text
Gold	PMS 1235 C	#F2C300	242,195,0	0,19,100,5	Starburst, accents	Starburst, accents
Blue	PMS 293 C	#0057A8	0,87,168	100,48,0,34	Jet, anchor	Jet, anchor
Light Grey	Cool Gray 5 C	#B7B7B7	183,183,183	0,0,0,28	Pistols, anchor	Pistols, anchor
Black	Black C	#000000	0,0,0	0,0,0,100	Background, outlines	Background, outlines
White	Fabric	#FFFFFF	255,255,255	—	Highlights	Highlights

5. **Compliance Statement**
This colour specification sheet defines the official and exclusive colour standards for all MBMMC branding. All suppliers must adhere strictly to the Pantone values listed. No additional colours are to be introduced from sampling, anti-aliasing, or internal palettes without approval from NEC.

Kingstar Thread Colour Conversion Chart

(For embroidery, patches, caps, jackets, polos, etc.)

Below are the closest Kingstar matches based on the Pantone values palette.

🟥 **1. Mainland Red — PMS 186 C**
Closest Kingstar equivalents:
Kingstar Match: 70
Use:

- Mainland text (“MILITARY”, “BROTHERHOOD”, “MMC”, sub-branch name)

🟢 **2. Tasmanian Khaki — PMS 392 C**
Closest Kingstar equivalents **:Kingstar Match: 656**
Use:

- Tasmanian text (“MILITARY”, “BROTHERHOOD”, “MMC”, sub-branch name)

🟡 **3. Gold — PMS 1235 C**
Closest Kingstar equivalents:
Primary Match: Kingstar 215
A strong, warm gold with the same yellow-orange tone as PMS 1235.
Secondary Match (if supplier prefers deeper gold): Kingstar 216
Slightly richer, still within acceptable tolerance.
Use:

- Starburst
- Gold text (if gold variant used)
- Jet exhaust gradient (embroidery simplifies this)

🔵 **4. Blue — PMS 293 C**
Closest Kingstar equivalents:
Primary Match: Kingstar 365
A vivid, saturated royal blue — closest to PMS 293 C.
Alternative (slightly darker): Kingstar 366
Use:

- Jet body
- Jet wings
- Jet tail
- Anchor top section

⚪ **5. Light Grey — Cool Gray 5 C**
Closest Kingstar equivalents:
Primary Match: Kingstar 273
A clean, neutral light grey — ideal for pistols and anchor.
Alternative (slightly cooler): Kingstar 274
Use:

- Pistols
- Anchor body
- Metallic highlights

● **6. Black — Black C**
Kingstar Match: Kingstar 100 (standard black)
Use:

- Outlines
- Shadows
- Negative space
- Background (if embroidered on black fabric, this is omitted)

○ **7. White (Unprinted Fabric)**
Kingstar Match: Kingstar 001 (White)
Used only when stitching highlights on non-white garments.
Use:

- Jet nose cone
- Anchor highlights
- Pistol highlights
- Starburst centre
- Panel lines

Summary Table (Print + Embroidery)

Pantone	Colour	Kingstar Match	Use
PMS 186 C	Mainland Red	**70**	Mainland text
PMS 392 C	Tasmanian Khaki	**656**	Tasmanian text
PMS 1235 C	Gold	**215** (alt 216)	Starburst, accents
PMS 293 C	Blue	**365** (alt 366)	Jet, anchor
Cool Gray 5 C	Light Grey	**273** (alt 274)	Pistols, anchor
Black C	Black	**100**	Outlines, shadows
Fabric White	White	**001**	Highlights
